
"Sanjechi" Opens For Business

"Sanjechi", a new type of business in the Appomattox area, is now open for business, featuring an Old Fashioned Ice Cream Parlor, Gift Shop and a Golf Driving Range.

According to Kenneth and Betsy Jamerson, owners and operators, an 18-hole Miniature Golf Course is now under construction and should be completed in late September. Future development plans call for shops to be rented to craftsmen who will make and sell their own wares and an antique shop.

Sanjechi, located 3 miles west of Appomattox on Route 460, is open Monday through Thursday from 10 a.m. to 10 p.m.; on Friday and Saturday the hours are from 10 a.m. to 11 p.m.; and on Sunday Sanjechi will be open from 1 p.m. to 11 p.m.

Betsy and Kenneth invite all their friends to stop by and look over the new facility and they welcome reservations for birthday parties, showers and small group meetings.

Homegrounds Workshop

A Homegrounds Workshop will be held Thursday, August 29th at 7:00 in the VPI Extension Service District Office in downtown Appomattox.

Landscaping is the planning or organizing of the ground area around the house into something useful and attractive. It is more than just planting a few plants about the foundation of the house. A well-planned yard will have all areas arranged so they fit into a useful, attractive scheme which follows the principles of landscape design. Our resource guest for the workshop will be Dr. William F. Watson, Extension Specialist, Ornamental Horticulture, Virginia State College. Dr. Watson will discuss such subjects as the establishment and maintenance of lawns, shade trees, foundation planted shrubs, driveway and walks, and other principles of landscape design. This workshop will be of great use to those of you that are planning to build a home or have recently moved into a new home. The program is open to anyone. For additional information call the Appomattox County Extension Office, 352-8244.

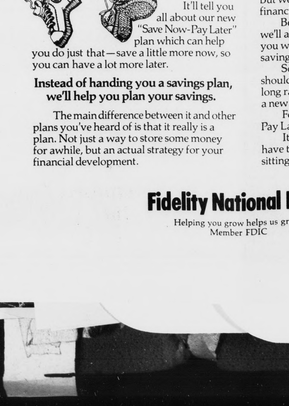
If the problem of saving money is more than you can stand sit down and read this.



The strategy of saving.

In the first place, it guarantees you a 5% return on the money you deposit, the highest allowed by law.

What's more, it gives you the option of talking to a financial expert about just how much you should be saving. By looking at your present income and expenses as well as those of the future, he'll help you decide what's right for you. And show you exactly what you can expect to have saved by a certain date.

So you really can plan for the future. Practically and precisely.

If you leave it to us now. You'll get it all back later.

After that, the only thing left to chance is whether or not your deposits are made. But we can even make that (as well as your financial growth) automatic. Literally.

Because if you leave it to us each month, we'll automatically transfer any amount you wish from your checking to your savings account.

So your money will grow the way it should—consistently. And so even your long range goals, like the kids' education or a new home, won't take long to reach.

For complete details on the "Save Now-Pay Later" plan, stop by any Fidelity office.

It's one way to make sure you won't have to take the problems of saving money sitting down.

It'll tell you all about our new "Save Now-Pay Later" plan which can help you do just that—save a little more now, so you can have a lot more later.

Instead of handing you a savings plan, we'll help you plan your savings.

The main difference between it and other plans you've heard of is that it really is a plan. Not just a way to store some money for awhile, but an actual strategy for your financial development.
